

New CPGC Brochure

The new CPGC brochure is ready for publication. Unlike the previous brochure this one will have two separate pages: One with an explanation of CPGC, its purpose and the reasons why a person should hire a professional genealogist. This portion will also include a copy of the CT law governing record access.

The second page will include a list of CPGC members. The reason being that we can revise/update either or both as conditions warrant, allowing for membership growth.

The intent is to list members in alphabetical order, as in the past but rather than having a list of keyed categories, each member will have the opportunity to define their services below their name. Space limitations prohibit long descriptions but you will be surprised **how much information you can fit in the space allowed**, particularly if you use abbreviations, for example the bold portion of this sentence will fit in the allowed boxes below.

Only members in good standing for 1997 will be included in this brochure, if your dues are not current, please enclose your 1997 dues with this form or you will **not** be included.

This form MUST BE RECEIVED BY 1/31/97 for inclusion of this issue of the brochure.

Please describe your services in the boxes below, there is room for 45 characters (a space counts as a character) and ALSO verify your name/address/phone/e-mail address etc. on the attached listing return **both** forms to the address below.

Note: This information will be included in the CPGC brochure **AND** on the CPGC World Wide Web home page.
Please check the appropriate boxes:
